

Says

I like that it stored my profile.

I want a feature that allows me to enter my credit card information as fast as possible.

This was easier the last time I used it .

Refreshed the page to make it load

Hit back button instead of previous

Does

The user opened up a new window to look for additional information

Thinks

The ads on the pages are distracting

This process takes way too long

I'm not sure what to do next

Confused

The pages load really slowly .I wonder if this is indicative of the quality of the product
